

It's All in Your Hands

Manage and protect your entire home with the intuitive, all-in-one Alarm.com app.

TOTAL PROTECTION. TOTAL CONTROL.

One app for your whole home? That's smart—and it's just the start. With everything connected behind the scenes, the Alarm.com app gives you control, confidence, and peace of mind like no other.

Protect everything

Arm your security system, control your locks and get alerts about important activity.

See everything

View live and recorded video from indoors, outdoors and your front door.

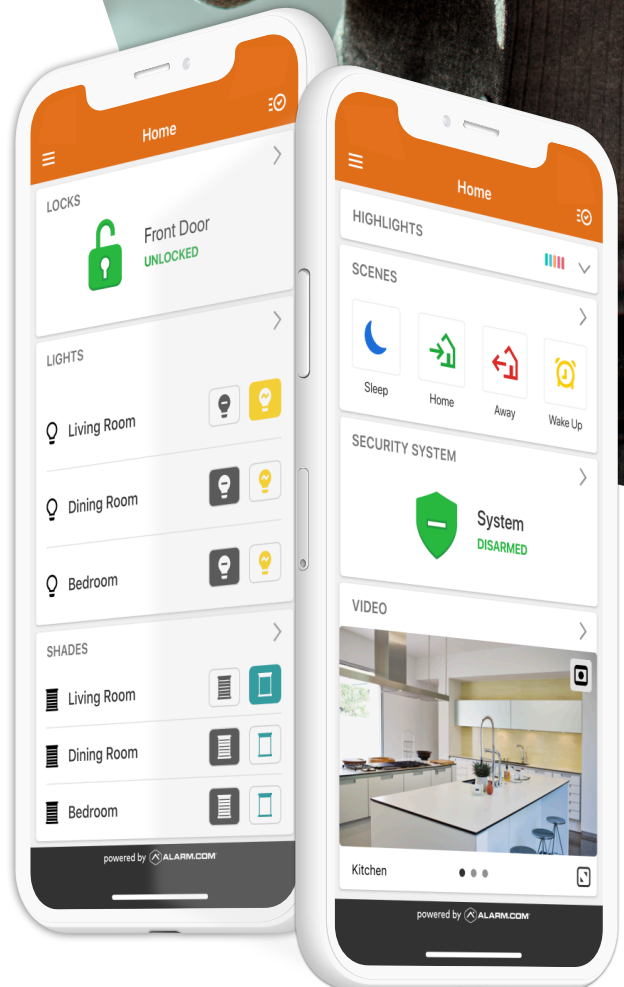

Control everything

Adjust, schedule and customise your temperature, lights, shades, and more.

Simplify your day, your way

Time for bed? Get ready faster with a single command to turn down the lights, adjust the temperature, and ensure that your house is secure.

Our customisable Scenes give you exactly what you need, right when you need it. Just tap your Alarm.com app once to put your whole home to work.

Discover the Alarm.com app's unique range of innovative features, engineered to keep your home and family safer.

Smarter Video Alerts

Get the video alerts that matter to you, and let Alarm.com filter out the rest. Your app's Video Analytics settings let you create filters for people, vehicles, animals, specific areas, and specific times.

Security Reminders

Ever leave home without locking the door or closing the garage? We've got your back with helpful reminders if you forget. Just tap your app to secure your home.

Location Services

Don't arrive home to a dark doorstep or a cold house. Your Alarm.com app can tell when you're almost home, and turn on your lights and adjust the temperature to welcome you.

Unexpected Activity Alerts

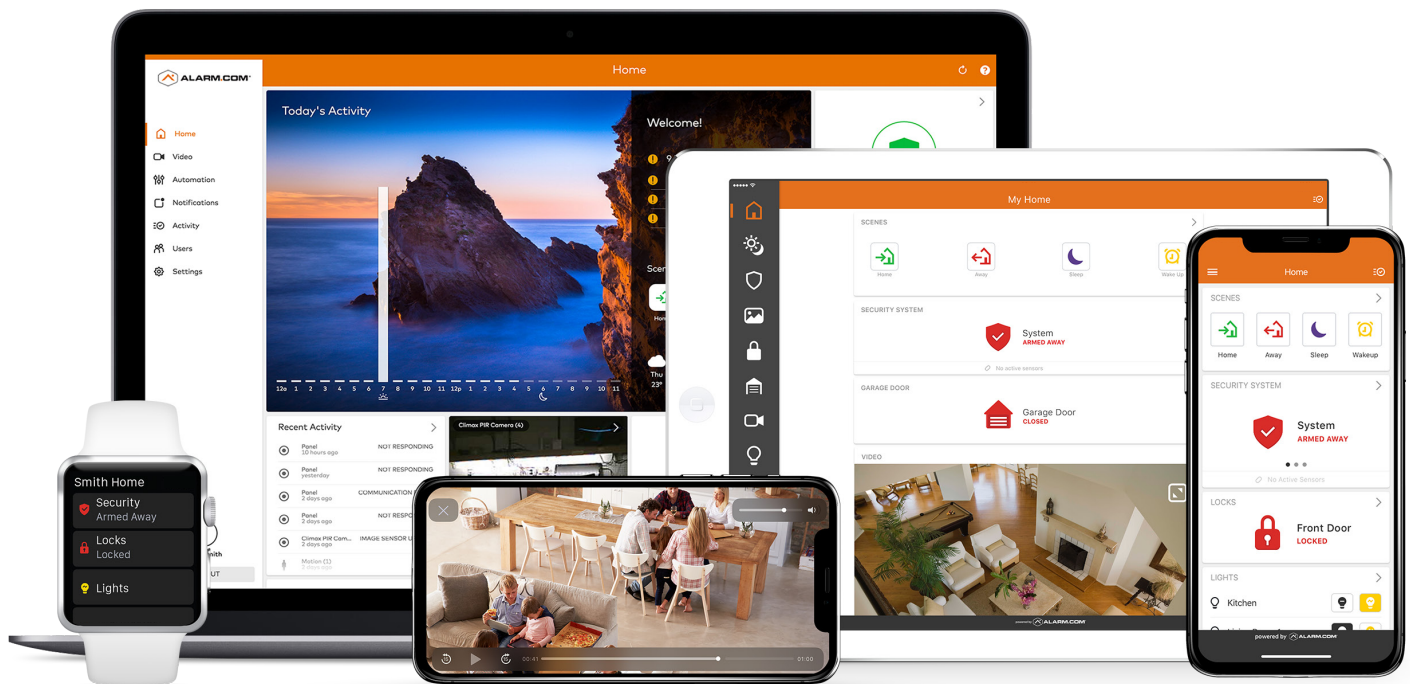

If something unusual happens around your home, you'll know. Your system learns your home's activity patterns and alerts you to unexpected activity, anytime.

Front Door Awareness

See, hear, and talk to visitors from anywhere. Tap your video doorbell call screen to unlock the door, disarm your alarm, and even turn on lights around the house.

Daily Highlights

Catch up on the day's activity at a glance, with an all-in-one Highlights reel of the most important video clips and other information from your system.

Keep your home and family safer with security that never stops.
